Insurgents Claim Large Number Of Government Troops Have Been Trapped

### (BULLETIN)

(International News Service)

HENDAYE Franco-Spanish border, April 19.—With their troops in the outskirts of the stubbornly defended government town of Tortosa, authorities of the insurgent high command claimed today that the ancient stronghold soon will fall.

The insurgent advance on two sides of the key town, situated in southern Catalonia a few miles from the Mediterranean Sea, has formed a pocket of 625 square miles in which a large number of government troops have been trapped.

From Barcelona, however, came a government announcement that two bridges leading into Tortosa are still withstanding frequent insurgent bombardments and assaults.

Unable To Cross River Government spokesmen declared the insurgents have been unable to cross the Erbo river at any point and that savage fighting is now in progress near Amposta for possession of that strategic point.

This was in direct contradiction to insurgent claims that Amposta had been captured.

PA NEW OBSERVES

New detours are beginning to dot the map in the local district, which has been added in the past week. There is a five-mile detour in Wheatland boro over local streets; a 20-mile detour between Hartstown and Conneaut lake on U. S. 323; another between Florence and the Allegheny county line in Washington county, of 215 miles. Detours in all instances are over paved roads. There are also a number of other new detours in other sections of the state. The detour bulletin for the period ending April 29 is posted in the lobby of The News.

## Extend Hunt Along Coast For Flier Who Disappeared

(International News Service)  
NEW YORK, April 19.—The whole eastern coast and the islands dotting Long Island Sound were searched today for the silver-winged power glider which drifted off into the skies over Roosevelt Field on Friday carrying Andrew Carnegie Whitefield and has not been seen since.

The 28-year-old nephew of Mrs. Andrew Carnegie disappeared as completely as though the skies had opened up to admit he and his plane and then closed again for first search over a wide area revealed no trace of the plane, no indication of what might have happened to its pilot.

Having contacted every airport for miles around in New York, New Jersey and Connecticut, the Nassau county police directing the search for the missing Princeton graduate planned today to enter every hangar between Roosevelt Field and Montauk Point on the theory that young Whitefield might, for reasons of his own, have landed his plane, stored it away and disappeared.

One tip which the flier's brother John termed the "first ray of hope" which had come in the search evaporated entirely when the captain of the Red Star liner Westerland wire-

## Tax Bill Controversy May Test Prestige Of President In Senate

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, April 19.—President Roosevelt's prestige may be tested in the senate on vital provisions of the new \$5,300,000,000 tax bill if the senate-house conference fails to effect a compromise agreement.

This was disclosed today as senate and house conferees each sought to gain the advantage in the "poker game" which has developed over the undistributed profits and capital gains tax issues.

The house conferees proposed that an agreement be sought on all of the 260 senate amendments to the tax bill before a report is made to either house of disagreement on the major issues. The senate then would be called upon to vote first on the question of whether it will bow to President Roosevelt's demand that it accept the house undistributed profits tax on corporations earning over \$25,000 a year and the house graduated capital gains tax.

While chairman Harrison of the senate finance committee, has offered to go back to the senate immediately for a test vote on Mr. Roosevelt's stand, the house conferees are not yet ready to permit the move. Each side apparently was seeking to pin responsibility on the other for failure of tax legislation, if a

## Mystery Submarine Reported Sighted Near Philippines

Sub Is Sighted Allegedly Near Island Of Calauhan, North Of Luzon

(International News Service)  
MANILA, P. I., April 19.—Manila customs officials said today that an American citizen, whose identity they refused to reveal, had reported sighting a mysterious submarine near Calauhan Island, north of Luzon.

Calauhan is close to the Island of Formosa, Japanese possession. The submarine was not identified, the customs men said, and details regarding its purported presence in the vicinity of the island were meager.

The report caused considerable comment here in view of the presence several days ago of a mysterious fleet of 22 destroyers sighted off the Island of Mindanao in the Gulf of Davao, 600 miles south of here.

## Industrial Show To Open On Thursday

Formal Ceremony In Afternoon To Mark Opening Of Exhibition

## EXHIBITS TO BE QUITE EXTENSIVE

Daniel H. Treloar In Charge As General Chairman Of Week's Event

Heralding one of the community's largest and most elaborate industrial shows, the official roster of nearly 25 local exhibitors for the Junior Chamber of Commerce "Industrial Exposition" in the Cathedral this week was made public by exposition leaders today.

The industrial display opens on Thursday afternoon at 2 o'clock and continues until Saturday night. Hours each day will be from 2 to 11 p. m.

To check last-minute arrangements, the junior chamber board of directors met last night to hear Exposition Chairman Daniel H. Treloar review his three-day program.

President Presley N. Jones and the exposition committees were shaping the show plans at junior chamber offices. At the Cathedral, preparations for the installation of show booths were being rushed.

The three-day show will be part of the "boost industry" program which the junior chamber will place emphasis on throughout this and succeeding weeks.

The climax of the week comes when President Benjamin F. Fairless of the United States Steel corporation comes Friday evening, April 22 to participate in the junior chamber's "manufacturers' dinner" at the Castleton.

With Mr. Fairless will come men prominent in the realm of industry in this section of the country.

Ceremony At Opening The industrial show will be opened by Mayor Charles E. McGrath in the Cathedral Thursday at 2 p. m. A ribbon stretched across the doorway leading into the exposition hall, will be cut by 11 year old Charlotte Ann Jones, daughter of Mr. and Mrs. Presley N. Jones, and the show will be officially launched.

## May Take Strike Vote In Two Plants At Flint, Michigan

Attempts To Collect Union Dues Force Shutdowns At Two Auto Plants

(International News Service)  
FLINT, Mich., April 19.—Workers at two major General Motors Corporation plants prepared for a strike vote today as Fisher Body plant number one and the Buick final assembly line were shut down by consecutive day.

The Fisher plant was shut down an hour after it opened today as the plant managers charged the GTO's United Automobile workers union "dues pickets" left the plant undismayed by barring all non-union workers and union workers behind in their dues payments.

The Buick Assembly line was ordered shut down a short time later because of a shortage of bodies. The shutdowns left 3,600 Fisher workers and 1,200 Buick workers idle. Another 6,300 Buick workers may be sent home later in the day, management spokesmen said.

Meanwhile Buick and Chevrolet union workers planned to begin a strike vote tomorrow. The Chevrolet plant is one of the major plants of the General Motors system.

Union leaders charged seniority rights guaranteed in the GM-UAW contract have been violated by the discharge of union workers who have been replaced by supervisory force workers ineligible for union membership. The strike vote will be taken over a three-day period.

Third Double Hanging In History Of Iowa Snuffs Out Life Of Two Men

(International News Service)  
FORT MADISON, Ia., April 19.—The third double hanging in the state's history took the lives of two killers at dawn today.

The pair who plunged simultaneously through adjoining trap doors on the scaffold were Franz A. Jacobson, 30, of Ottumwa, and Mario Heinz, 32, Dubuque.

Jacobson, gunned at the 100 spectators in the stockade of the state penitentiary. Heitz was glum.

The father of three children, Heitz was executed for the sadistic slaying of his 6 year old nephew, David Fox in July 1935. He repudiated a confession and claimed to be innocent to the last.

Jacobson, a paroled convict, died for the fatal shooting of his sweetheart, Catherine Leamy, 25, in Ottumwa, on November 30, 1936.

"I loved her madly. I don't know why I did it," his confession stated.

## Presbytery Gets Two Petitions From Calvary

Committee Is Named To Make Investigation And Report On May 2

## NO DISCUSSION BEFORE SESSION

One Petition Asks For Permission To Withdraw From Presbyterian

Two petitions from members of the Calvary Presbyterian church of East New Castle, one asking permission to withdraw from the Presbyterian church of America, the other pleading adherence to the Church, its constitution and government—were brought before Shenango Presbytery this morning at the opening session of the spring meeting in Central Presbyterian church.

In agreement with a motion made by Dr. J. J. McIlwaine, retiring moderator, action upon the petitions was deferred to an adjourned meeting of presbytery at 2 p. m. May 2 in the Central church.

In making the motion Dr. McIlwaine said that it is his opinion that the situation at Calvary is not thoroughly known by the body and inasmuch as there are two petitions he believed that presbytery should appoint a committee to make investigation and report at the adjourned meeting. He recommended that this committee counsel with the brethren at Calvary church and bring back a well informed report. We want to be the Christian thing, he said, and act with kindness and justice in this matter.

Presbytery accepted the motion with no discussion and the following committee was appointed to bring the report to the adjourned meeting on May 2: Dr. S. A. Kirkbride and Rev. W. C. Byers, New Wilmington; Rev. D. C. Schnebly, Mahoningtown; and a layman, George Ramsey, New Castle.

## Sterilizing Gold Policy Abandoned

Inflationary Trend Of Administration Is Continued By Move

(International News Service)  
WASHINGTON, April 19.—The administration continued its inflationary trend today by abandoning the policy of sterilizing gold acquired by the treasury every three months. This was done to combat deflationary psychology that has gripped the business world for a number of months.

Several weeks ago, the sterilization program was modified because of the business slump and it was decided to sterilize only the amount of gold in excess of \$100,000,000 acquired by the treasury every three months. This was done to combat deflationary psychology that has gripped the business world for a number of months.

Under the sterilization program, all new acquisitions of gold were paid for with cash borrowed from the treasury. No currency was issued against the metal.

Boon-time business prevailing in 1936 and most of 1937 led to fears on the part of administration fiscal advisers that expansion of bank funds caused by gold imports would result in uncontrolled credit inflation.

## Czech Recognition For Conquest Of Ethiopia

(International News Service)  
ROME, April 19.—Czechoslovakia today recognized Italy's conquest of Ethiopia and France took a major diplomatic step designed to result in similar recognition at an early date.

Coinciding with the Czech recognition, Jules P. Blondel, french chargé d'affaires, called on Foreign Minister Galeazzo Ciano for a brief conference in which the latter gave assurances Italy is ready to negotiate an Italo-French agreement on the lines of the Anglo-Italian pact of Amity.

When this is completed, France is pledged to extend recognition to Ethiopia, following the lead set by Great Britain.

At the moment, it was said, France is prepared to recognize Italy's African empire "in principle."

Italian political circles, however, emphasized that conclusion of a Franco-Italian rapprochement could not be regarded as resumption of the so-called "Stresa front" against Germany.

Japanese Inflict Heavy Losses On Chinese In North In Retaliation

## (BULLETIN)

(International News Service)  
HANKOW, April 19.—In a desperate effort to counteract recent severe losses, Japanese troops launched a general offensive in southeast Shantung province today.

An urgent message received by Chinese headquarters from the front said the Nipponese had attacked in full force. The message said every available man, gun and plane was needed to resist the onslaught at Lingxi, where the situation was described as critical.

SHANGHAI, April 19.—In retaliation for Nipponese reverses in Shantung province, Japanese forces in northern Honan have inflicted serious losses on Chinese guerrillas operating in that region, according to advices received today from Peiping.

The Japanese claimed seven thousand of the Chinese guerrillas had been killed and twenty-three thousand wounded in heavy fighting.

It also was announced that the Japanese captured 300 machine guns, 30 Howitzers, hundreds of smaller guns and huge quantities of ammunition.

Chinese Drive Continues Meanwhile, official Chinese reports stated the smashing Chinese drive in southern Shantung had resulted in recapture of Hanchwang from the Japanese after a bitter 24-hour battle.

On the Lingxi sector of the central front, a huge battle raged as Japanese troops pressed a massed offensive.

## Double Tragedy At Philadelphia Disclosed Today

Wife Died As Result Of Illegal Operation, Husband-Writer Suicides

(International News Service)  
PHILADELPHIA, April 19.—An illegal operation, detectives revealed today, lay behind the double tragedy which claimed the lives of John Norris Stanton, 47, author of detective mysteries, and his wife, Adelaide, art instructor at a Philadelphia high school.

Mrs. Stanton died of pneumonia which developed after she underwent an unethical operation of which her husband was aware, detectives said. The fiction writer hooded over his tragedy in his home here last night and shot himself through the head after writing a note which said, in part:

"I loved my wife. I could not go on living without her, and I know she'd want me to be buried with her."

The couple had been married 18 years. They had no children.

# Hitch In Vatican-Berlin Negotiations?

## Not Proceeding As Anticipated

Pope Pius Is Ordered To Summer Residence At End Of Month

EXPECT HITLER TO MAKE VISIT

By FRANK GERVAZI  
International News Service Staff Correspondent  
VATICAN CITY, April 19.—Sudden decline in Pope Pius' physical condition today promoted his physicians to order him to leave the Vatican for his summer residence, Castel Gandolfo, at the end of this month, according to Vatican authorities. But although the pope's falling health was given as the reason for the decision, it was also pointed out that he had planned to leave the Vatican for his summer residence, Castel Gandolfo, at the end of this month, according to Vatican authorities.

Negotiations Balked  
Authoritative political sources attributed the change in the pope's plans to the circumstance that the pope's political negotiations with the Reich are "not proceeding as well as was anticipated."

The negotiations are aimed at strengthening out the various questions in dispute between the Vatican and Germany with a view to supplanting the present concordat which he believed to be outmoded as a result of the German annexation of Austria.

No Reply From Berlin  
No reply, however, has been received from Berlin, it was stated. Officials pointed out, nevertheless, that the pope's shift to Castel Gandolfo does not exclude the possibility that Hitler might visit the pope there. Political circles declared such a visit would be less formal than an audience at the Vatican and might be more to Hitler's liking. The pope was believed still resting after the strain of his arduous canonization and other Easter ceremonies. At last report, his condition, following his Easter sinking spell, was satisfactory.

Japanese infantry, supported by planes, tanks and heavy guns, battered at the powerful Chinese fortifications in the Lingyi area of south-eastern Shantung, manned by some of the best of Generalissimo Chiang Kai-Shek's troops. Reports from the battle area told of stiff Chinese resistance, terrific fighting, and casualties which mounted into the thousands during the past 26 hours.

A Japanese victory at Lingyi would open a path toward Szechow, junction between the Lanchow railway and the Tientsin-Pukow line. Grim fighting also raged around Yihshen and Tsoochwang, 10 miles west of Lingyi, where huge Chinese armies battered Japanese garrisons which held out desperately against terrific odds. ## Governor Earle Denies 'Innuendo'

Personalities Enter Campaign—Governor's Personal Income Sources Are Questioned

(International News Service)  
HARRISBURG, April 19.—Pennsylvania's riotous 1938 primary reached the "hot foot" stage today with Gov. George H. Earle denying what he termed Mayor S. Davis Wilson's "malicious innuendo" that Matthew H. McCloskey had been named in the awarding of state authority contracts.

Personalities came to the fore as the Philadelphia press questioned the governor's personal income sources and requested the attorney general to investigate his allegations. Both Earle and Wilson are Democratic candidates for the U. S. senate.

Wilson applied the flame by defying the governor "to remain silent" on his implied charges that Earle had borrowed \$30,000 in two years from McCloskey, that certain building construction inspectors were virtually selected by McCloskey, and that one of the chief inspectors of state work done by McCloskey's contracting firm was a former employee of that company.

Governor Earle's reaction to the Wilson campaign heat was a prompt, and emphatic denial of the favoritism implications voiced by the mayor at Williamsport.

Mayor McGrath Declares Report Current Is Absolutely False

"The report being circulated that some dogs were thrown alive into blazing furnaces at the city's garbage plant is an absolute falsehood," Mayor Charles E. McGrath declared today. "Further," his Honor added, "Ed. Umbright, in charge of the plant, is willing to make an affidavit that such a thing has never happened."

According to Mayor McGrath, the city dog catcher takes all dogs he captures to the pound, which is in the rear of the dog catcher's yard. If the licensee does not take them behind the incinerating plant.

He fastens a rope to their neck and shoots them. According to reports, the dog catcher fires the bullet into their head and he is so expert at killing the dogs, one bullet does the trick quickly and the canine does not suffer.

After this is done the dog's ears are clipped, properly prepared and sent to a state bureau where money is paid for the ears. The money is sent to the dog catcher who turns it into the city and which practically covers the cost of his employment.

ed the new moderator of Shenango Presbytery, approved of the action taken. He said: "I think all understand the seriousness of the thing. We want to do the Christian thing."

"Modernism" Is Claim  
Basis of the petitions were not revealed. It is known, however, that the action of secession from the denomination was brought up at a recent congregational gathering in Calvary church, and that "modernism" in the denomination was charged. Both those in favor of withdrawing and those opposed, have submitted petitions to presbytery, according to the report this morning.

It was quite a heavy docket this morning for the Presbyterial body in session. The election of Dr. Kirkbride as moderator was received with enthusiasm for the New Wilmington man has passed all his long ministerial life in this presbytery; is held in high respect by clerical and laymen alike and they are looking forward to a progressive year under his leadership.

Licenses Examination  
Rev. J. Greer Bingham of Wampum submitted the name of Seth Morrow for examination for licensure, and presbytery agreed to hear his trial sermon at 2 p. m. This young Wampum man, a seminary senior, has been extended a call to the Bell Memorial church of Millwood City.

As for Princeton and Mr. Hermon churches, they hope to have something to report soon concerning progress in securing a new pastor. Dr. Kirkbride said that Rich Hill and Volant have as yet extended no calls but are "making progress."

Stewart W. Harro, of Harrisburg, has been called by the West Middlesex church. Presbytery heard the call this morning, voiced approval, but took no action. Until the young man is examined and licensed, he cannot be accepted into the presbytery. He is now taking post-grad work at Western Theological Seminary.

Resigns His Charges  
Rev. W. O. Nagle, pastor of the Clarksville and Transfer churches for ten years, asked that his pastoral relations be dissolved. Presbytery approved, saying the dissolution will take effect May 1. Further, Harry L. Woods was appointed moderator of both charges. Dr. Kirkbride will preach at the churches in the first Sunday of May and declare the pulpits vacant. A letter of dismissal from Shenango to Washington presbytery will be written for Rev. Nagle. The pastor was commended by the moderator for his long service and the work he has done.

Dr. C. B. Winger told presbytery of the unusually fine program presented at the Euclid church during the centennial celebration, and spoke highly of the abilities of the energetic pastor, Rev. Luther MacDonald.

The rest of the morning was given over to devotions and to an address by Dr. Ray J. Harmelin, field representative, Board of Christian Education, for Pittsburgh Presbytery.

Endorse Candidates In Coming Election In Pennsylvania It is Announced

(International News Service)  
HARRISBURG, April 19.—Pennsylvania Federation of Labor leaders today threw the official weight of their A.F.O. organization behind the complete Earle-Jones-Democratic primary ticket and two individual Republican candidates.

Endorsed on the Democratic ticket by the federation were: Governor—Charles Alvin Jones, Pittsburgh; U. S. Senator—Gov. George H. Earle; Lieut. Governor—State Sen. Leo C. Mundy, Wilkes-Barre; Internal Affairs secretary—Thomas A. Logue, Philadelphia, incumbent.

The endorsements marked the first time in its history that the A. F. L.-Affiliated Labor Organization had taken open political action other than supporting unofficially candidates favorable to labor.

## THE READING CIRCLE HAS ELECTION MEETING

The Reading Circle met on Monday afternoon at the Y. W. C. A. with Mrs. George W. Conway and Mrs. Margaret Smith co-hostesses. Election of officers was the principal business of the day and the following members were elected to serve for next year:

President—Mrs. W. E. Foster.  
Honorary president—Mrs. J. C. Roney (permanent).  
First vice president—Mrs. O. J. Shaffer.  
Second vice president—Mrs. L. M. Henley.  
Secretary—Mrs. Dean Staley.  
Treasurer—Mrs. Bart Richards.  
Scholarship secretary—Mrs. J. F. Reitz.

Mrs. Jack Lampe and Mrs. Frank Richolitz were welcomed as new members.

The program was both interesting and entertaining. Mrs. Laura Parker read a paper on "The Author of a Long Long Trail as a Columnist," following which Mrs. Burr Rogers accompanied at the piano by Mrs. M. M. Ingham, sang the song, with the entire group joining in the chorus.

Mrs. Parker also gave a brief review of the history of Pennsylvania, in recognition of the celebration of Pennsylvania's 300th anniversary.

The second paper, on "New York Column Conductors," was given by Mrs. Bart Richards.

Members responded to roll call by giving an "Advertising Sign." The next meeting will be held on May 2, in the home of Mrs. W. D. Stitzinger, 312 Leasure avenue.

**By-Way Sewing Circle**  
Members of the By-Way Sewing Circle will meet in the home of Ann Stobira, of the Butler road, on Wednesday.

## EASTER MONDAY DANCE AT FIELD CLUB HOUSE

In keeping with a tradition of the New Castle Field club, an Easter dance was held in the club ballroom on Monday evening for members and their guests.

The occasion was well attended by local folks as well as many from surrounding communities. College students home for vacations joined in the festivities, which too provided an opportunity of greeting old chums.

The latest Spring creations were worn by the girls in attendance and an array of vivid colors was noted. The event was an overwhelming success in spite of the down pour of rain.

## BRIDGE AT FIELD CLUB THURSDAY EVE

Plans are completed for a mixed bridge party to be held on Thursday evening at the New Castle Field club for the pleasure of its membership.

Play will begin at 8:30 o'clock and following the awarding of prizes to those winning honors, lunch will be served.

**Wedding Announced**  
Announcement is made today of the marriage of Ruth Ann McCurdy, daughter of W. H. Shaffer, of 2302 Highland avenue, to Charles A. Woods, son of Mrs. Mary Woods, Greenwood avenue.

The ceremony took place Friday, April 15, with Alderman Mantz officiating. Mr. and Mrs. A. A. Weir, Jr. of this city, were their attendants.

Mr. and Mrs. Woods have taken up residence in their apartment at 202 Richelieu avenue.

## MRS. JOHN INGHAM RECEIVES EVENTS '06

Monday afternoon, Mrs. John Ingham of 1410 Neshannock boulevard received as guests in her home members of the Current Events of '06 for their bi-weekly session.

Roll call was answered with "A Needed Civic Improvement," which created much interest. The discussion of current topics, provided conversation during the balance of the afternoon hours. A short social period was also enjoyed.

In two weeks, Mrs. H. M. Jamison of 718 County Line street, will entertain at a similar event.

## SHENANGO CHAPTER HAS PAGEANT MONDAY

Shenango Chapter, No. 333, Order of the Eastern Star, had an outstanding event Monday evening when they entertained with a pageant, following their regular chapter meeting in the East Lodge room of the Cathedral. A large attendance was present.

Mrs. Lena L. Weber, worthy matron of the chapter, and Orville J. Brown, worthy patron, presided.

After the regular business meeting, the pageant, a lovely presentation, was given. It was entitled "In The Garden" and portrayed by the officers. They made a lovely appearance in their white formal attire as they entered the dimly lighted chapter room carrying lighted white candles. Mrs. Lillian Buckner sang beautifully, during their procedure, an appropriate selection.

As the officers entered the garden around the altar, which was decorated with white Easter lilies, they extinguished their candles. Appropriate remarks were given by Dorothy Young, and afterwards, she lighted the tall white candle on the altar, symbolic of the light of service of our Risen Lord.

Each officer followed with a few words, lighting their candles from the "Light Of Service" while the choir members chimed in with a rejoicing hymn. Following, the lighted cross was formed when Mrs. Buckner again contributed a selected solo.

Shenango Chapter was elated in having as their guests, Mrs. Louise C. Lindeman, Mrs. Anna W. Paul, grand conductress, Mrs. May Getty Kagarise and district deputy grand matron, Mrs. Jane Y. Sellers, all of Pittsburgh.

A "get better acquainted" party featured the hours following, which was highly enjoyed, under the direction of Mrs. Marie Roof. The selection of different families in the stunts they performed, highlighted this feature. Miss Charlotte Taylor, enacting the role as "head of the Smiths" and her family portrayed the backward wedding. This was most original and won the prize as the best stunt.

A delicious lunch was served by Mrs. Eva Cowles and her committee. Mrs. Marie Bixler and Mrs. Maude King, in the reception room, adjoining as the closing feature. Appointments were colorful and suggestive of the season.

In addition to having guests from the local chapter, New Castle No. 105 and Cathedral No. 440, the hostesses chapter, Shenango, No. 333, was honored in having visitors from Pittsburgh, Brookville and Cleveland, O.

**Re-Deal Club**  
Re-Deal club members will meet this evening in the home of Miss Dorothy Kay, Hazletcroft avenue.

## CURRENT CLASS NAMES COMMITTEE FOR PICNIC

Current Events Class associates, were delightfully entertained at their regular assembly Monday afternoon, at the residence of Mrs. H. A. Rugh, 413 North Jefferson street, at which time attention was given to the planning of their annual picnic outing.

Activities were launched at 2:30 o'clock, with each giving a "current topic" answer to roll call. Mrs. Frank Woods, president of the organization, presided over the business period.

During this time, she appointed committees for the new year, the first being the nominating group. They are, Mrs. Mont L. Alley, Mrs. H. E. Bleakley and Mrs. Frank P. Fischer; picnic committee, Mrs. Madge Jay Reed, Mrs. Robert A. McKinney, Mrs. J. A. Seidler, Mrs. A. McCready, Mrs. H. A. Rugh, Mrs. Russell H. Shields, Mrs. J. B. Pyle, Mrs. F. R. Woods, Miss Alice Richardson, Mrs. Leslie Watson and Mrs. John Whittaker.

The latter group, will round out plans for their annual picnic event, which will take place sometime the latter part of May, the date to be announced.

Current subjects were discussed afterwards, bringing activities to a close.

The next gathering on May 2, will be with Mrs. J. A. Seidler, Falls street.

## ST. ANDREWS JUNIOR GUILD HONORS MEMBERS

Monday evening, members of St. Andrews Junior Guild entertained in the home of Mrs. T. J. Evans, Arlington avenue, for the purpose of celebrating their birthdays during the month. Included in the group, were Mrs. William Wignall, Mrs. E. Carroll, Mrs. Donald Barber, Kathryn Smith and Thelma Kerber. Each received a lovely gift.

The time was spent enjoyably with tables of 500 and bridge, the awards falling to Kathryn Smith and Mrs. Lawrence Jones.

Seated at the tables, which were cleverly re-arranged, in a color scheme suggestive of the Easter season, guests were served a tempting lunch. Pink and white predominated throughout in the appointments.

The hostess was aided by Kathryn Davis with the menu.

Special guests who participated included Mrs. Arthur Owens, Mrs. Lawrence Jones, Mrs. William May and Mrs. Charles Perry, the latter of Seaside. An informal social period ensued.

The committee responsible for the success of the evening, composed Mrs. T. J. Evans, Virginia Kerber, Kathryn Davis, Sara Clark and Ann Hitchcock.

**Bright-Donie**  
Sacred Heart church in Youngstown, O., was the scene of an impressive wedding ceremony Monday morning at eight o'clock when Miss Ruth Bright, daughter of Mr. and Mrs. George Bright, of R. D. 1, New Castle, became the bride of George Donie, son of Mrs. Helen Donie, of Youngstown. Fr. Farrin was the officiant. The bride was given in marriage by her father.

The bride was attired in a white satin gown and long veil and carried white roses. Her bridesmaid, Eileen Donie, sister of the groom, wore an egg shell blue satin gown and carried red roses.

William Joyce of Youngstown, served the groom as best man.

Immediately following the ceremony, the group journeyed to New Castle where a wedding breakfast was served at 10:30 o'clock in the Castle Hotel. A reception was held at the bride's home in the afternoon from one until four o'clock for neighbors and friends.

Later in the day, Mr. and Mrs. Donie left for a wedding trip to New York City. For travelling, the bride chose a beige suit with brown accessories. Upon their return, they will make their home on Jackson street, Youngstown.

Mrs. Donie attended Princeton high school and the New Castle Business College. Mr. Donie attended East high in Youngstown. He is now in the grocery business in Youngstown.

Turkey has launched a three-year program of exploiting its mineral resources.

## DEPARTMENT HEARS REVIEW OF PLAY

Mrs. A. B. Fankhauser reviewed the current play, "Johnny Johnson," by Carl Green, at the meeting of the Fine Arts Department of the Woman's club Monday afternoon. The group met at two o'clock in the home of Mrs. Eliah Kaplan, 223 North Mercer street. The review proved of unusual interest to the women.

At the conclusion, tea was served from an attractively appointed table. Mrs. H. L. Gornley poured. Co-hostesses for the occasion were Mrs. John E. Elliott and Mrs. W. M. Moody.

On May 16, the Department will have its final meeting of the year at the home of Mrs. Carl Crawford, 202 Edison avenue. This meeting will be in the form of a musicale.

## WEAVER CIRCLE HAS MEETING MONDAY EVE

Mrs. Harry McCurdy opened her home on Fairmont avenue to members of the Weaver Circle, of the Epworth church, Monday evening. All of the members were present.

Devotionals were conducted by Mrs. Elmer Delaney and prayers were given by Miss Grace Sullivan for the missionaries in the medical and health departments; Mrs. Eliza Foster, for the missionaries doing educational work and by Mrs. Harold McCurdy, for those doing evangelical work.

Mrs. David Rees reviewed the study book in an interesting manner, after which Mrs. Harold McCurdy presented a reading from the "Missionary Friend." "The Earthen Vessel" a reading, was given by Mrs. Norman Clark. This program was well received by the group.

After the treasurer's report was given by Mrs. C. L. Sipe, a lunch was served by the hostess.

A mile box meeting will take place on the third Monday of May, the place to be announced.

## MR. AND MRS. J. MORGAN HAVE SILVER WEDDING

Mr. and Mrs. James C. Morgan, 219 North Crawford avenue, were pleasantly surprised Saturday evening when relatives gathered to honor them, the event being their silver wedding anniversary.

Following a period during which congratulations were extended, the hours were spent informally. Later, a lunch was served, a color scheme of yellow and white being carried out in the appointments. Mr. and Mrs. Morgan received many lovely gifts and cards in remembrance of the happy occasion.

Out of town guests included Mr. and Mrs. Vernon Smith, and children, of Sharon.

**Daughters Team Meets**  
Mrs. Mary Kuriz, Moore avenue, was a pleasing hostess to members of the Daughters of Union Veterans Tent 20, Drill team, when they gathered in her home Monday evening for a regular meeting. Mrs. Maude Davis was co-hostess for the meeting.

## SUPER-ABUNDANCE OF LAWS

STATE legislatures in 1937 enacted 17,094 new laws. That is a good many laws, but it might have been worse. There were 37,000 other bills introduced, which were either voted down by legislators or vetoed by governors.

Fortunately for the public not all the new laws create new crimes. Some of them are merely enabling acts to make administrative agencies more efficient. Even so, there are too many. Citizens can't keep track of so many laws, yet "ignorance of the law" is not excusable and it is only through popular understanding and support that any law may be enforced.

It would be better to have fewer laws, need for which is clearly indicated, and then give them the loyal backing which will make them useful.

## SPRING'S A GOOD TIME TO STAY ALIVE!

Spring is a happy season, with old mother nature raving. You can add to the joy by making a contribution to safety in your own home.

There is a real need for this after the long winter months, when many dangerous conditions develop. Now is the time to clear out all accumulations of papers and rubbish from attics and cellars, before they cause a serious fire.

When burning trash and papers outside, an incinerator should always be used. Field fires and papers should not be burned on windy days, and never without close supervision.

Now is also a good time to make a complete check-up of anything else that might cause fire. Look for such hazards as defective electrical equipment, frayed and worn wiring, defective heating plants and chimneys, fireplaces without screens and hot ashes in wooden ash containers. Cleaning with gasoline is very dangerous.

After painting jobs, which many do in the spring, be sure to dispose of oil or paint soaked rags and clothing. A warning from the National Board of Fire Underwriters states that many homes are burned by spontaneous ignition fires from paint rags left in a heap.

## PROFITLESS PROGRESS IMPOSSIBLE

Politicians and social theorists the world over are continually striving to crush one of the most basic urges of mankind: the urge of the individual to labor for profit. For some curious reason they think that once the profit motive is destroyed, the way to Utopia will be clear. They persistently refuse to heed the lessons of history which have proved beyond the shadow of a doubt that without a fair chance for profit the human animal ceases to put forth his best efforts. Without profit, progress gives way to a lethargic day-to-day existence, and personal liberty soon goes by the board, social theories notwithstanding.

When an individual buys a bond or a share of stock he does it for profit, and to help assure financial independence. The greater the risk, the greater the possible profit; unless the two go hand in hand the individual will bury his savings in an unproductive hole in the ground.

When a man works 16 hours a day and burns the midnight oil over some new invention, or labors tirelessly year after year to build up a business, again he does it for security and profit. He works in the hope that the fruits of his labor will bring comfort and happiness, not only to himself, but to his family.

Today we have a depression. We hear loud cries of "capital strike." The politicians declaim because heavy industry is ominously quiet, because unemployment is increasing, and blame Wall Street for bringing all this about.

Punitive taxation, government competition with private business, and an orgy of experimental regulation and legislation are largely responsible for the present troubles. In short, the profit motive is dangerously near extinction, and the country can enjoy no normal recovery until it is brought back to life.

## PROPAGANDA AT TAXPAYERS' EXPENSE

Representative Thomas of New Jersey, who recently undertook a one-man investigation of administration propaganda activities, is finding out that it's a job for a whole regiment. In answer to his requests to the departments and bureaus he has been deluged with documents.

The Department of Labor delivered nine mail sacks full of magazines and booklets the first day. At this rate he will soon have enough reading material to stock a public library. Mr. Thomas has also asked the long list of alphabetized agencies and commissions of the New Deal for the names and salaries of their publicity promoters and the number of pieces of mail they sent out last year at the taxpayers' expense.

Doubtless Mr. Thomas has not failed to note the high cost of propaganda that is being carried on by some of his colleagues. In asking \$25,000 for expenses of the document "Folding room," a house official says he has had to take on more help to handle copies of congressional radio speeches. The members are also sending out more farm bulletins to their constituents in this election year.

Originally each member was entitled to distribute 3,000 of these documents post free. The number was stepped up to 10,000 and then to 20,000, or a total of 8,700,000. The seeds planted according to directions would not produce the beautiful flowers portrayed in the colored pictures, but the donors are counting on their producing a crop of votes.

If all the government press agents in Washington were laid end to end it might be a bad thing for the country. Presmaster General Farley might be able to show a real instead of a fictitious surplus. But the cost is not the chief objection to the outpouring of propaganda from the government presses. There is more than a suspicion that the bulk of this publicity is for political purposes, even though our government, unlike some others, has no official Minister of Propaganda. — Philadelphia Inquirer.

## TOUGH CAKES

Two farmers who had just enough money for a good meal entered a lunch-casualty restaurant. They hadn't been eating long when one exclaimed: "Gosh, Jim, these cakes are terrible!"

"Gosh," cried the other, "they are cork maws for your plate!"

Second never gets ripe because it is picked so soon.

The Parent  
Problem

By Garry C. Myers, Ph. D.

## WRITING YOUR WILL

HAVE YOU, my fellow parent, made a will? I'm asking mothers as well as fathers this. It seems to me that every wise parent makes a will, however small the amount of property he or she possesses. Mother, as well as dad, should make a will at once. It such has not been done, and file it in some safe place.

If the parents have been good companions, each will know what is in the other's will. They probably will help each other write these wills. Any doubts, indeed, might mar their happy relationships. They might choose to make reciprocal wills—exactly the same except for the position of the name of each spouse.

The most important service of a will, when properly drawn up, is that it provides after the death of the person making it, for the distribution of his or her property as was his or her intention. Then it should help prevent unnecessary expenditure and worry over litigation. It should, moreover, help avoid or reduce jealousies and quarrels among the heirs. Think of the tragedies over a few dollars some loved one has left behind!

In case the parents have lived happily and companionably together and happily and companionably with their children, these children, if old enough to understand, might also properly know what is in the will of each parent. Whether such mutual open understanding in a family will be manifest is a kind of test of the relationships its members have enjoyed with one another.

## Seek Lawyer's Counsel

While I hold no brief for the lawyer, I would advise that you seek his counsel in drawing up your will. A number of years ago Mrs. Myers and I each drew up a simple will, working together at it. But about six months ago we began to wonder if what we wished to have carried out by these wills would be accomplished. To our amazement, we discovered that the will we wrote were full of holes, practically worthless, and that what might have held good in the state in which we wrote them would not hold good in the state in which we now live. We lost no time in securing the services of an attorney to draw up new wills for us to cover our wishes.

If the average person leaving a property, however small in amount, could return after death to hear or see what happens as his or her estate is handled, how this "ghost" would drive over the negligence. We parents now alive ought to have seen enough of these tragedies to take warning and prevent like tragedies.

**LIFE'S LITTLE AGONIES**  
"Would you mind settling your bill now?" the waiter asked of a patron. "You see we are closing now, sir."

"But hand it all," replied the irate patron. "I haven't served yet!"

"Well, in that case, sir," warbled the waiter, "there will be only the cover charge."

It's funny, but the less strain on the clothes line the more strain on father's pocketbook.

Often the chap who says he likes the simplest things best is the fellow who can afford to have whatever he wants.

We don't think very well of the birds who say they are proud they are ho-hoos. We once thought we would like to be a tramp printer, but after seeing many tramp printers and letting them eat the lunch we carried to work we changed our mind. Tramping in from Shenandoah was enough tramping for us.

Many congressmen in Washington don't think very well of that pump priming stuff. They fear they might have to go back priming the farm pumps of long ago.

Dear Miss Markel—How many calling cards should my daughter and I have at the home of a bride, and to whom should they be given?

M. and D.  
Answer—You should have one of your own cards, one for the hostess, and two of your husbands, one for the host and one for the hostess, whether your husband knows them or not.

Your daughter should leave one for the hostess only, as women neither make social calls upon men nor leave cards for them at their homes.

It is thus customary for a woman visitor to leave a card for each woman in the house and one of her husband's cards for each man and each man in the household. But three is the greatest number of any one card ever left.

Never hand your cards to your hostess either at the beginning or the end of a visit. One of the functions of the servant, admitting you is to accept your cards. If you are admitted by a member of the family, there being no servant present, place your cards on the hall table as you go in or out. A silver card tray is usually provided for this purpose.

Garner's Coldness No Secret  
Many Wish He Were Younger Man  
Convention Control Real IssueBy LESLIE EICHEL,  
Central Press Columnist

THERE REALLY has been no secret concerning Vice President Garner's lack of sympathy with much of the New Deal, or his lineup with the Southern Democrats opposed to it. That was in the nature of things.

Nor has there been any secret as to Senator Pat Harrison's enmity to it and his views on the tax bill—which have been the Republican views, not the New Deal's.

Nor has there been any secret as to Tammany's hatred of the New Deal. Its enmity has been expressed by its chief representative in congress, Representative John J. O'Connor.

The fight in reality is not over the things that have been fought over in the present session of congress. The fight is over who shall control the 1940 Democratic convention. Every district leader, even in the most remote region, understands that. And the lineup is being made down to the smallest precinct.

None of that is secret. Any newspaper man going around any part of the country can ascertain that readily.

And yet the issue, in Washington, is discussed by correspondents as if it were over this bill or that. It is questionable whether many of the politicians read the bills. They try to read the stars instead.

**IN THE STARS?**  
What is in the stars?  
Well, if Vice President Garner were even five years younger, he would be the candidate of the anti-New Deal Democrats for the 1940 presidential nomination. Large in earnest, believing that the people still favor the Democratic ticket, would support Garner equally with the Republican candidate, who promises to be a conservative again.

The fight for control of that 1940 Democratic convention is one of the most important in the history of the nation. Every person running in the primaries now, down to the smallest office, will have some bearing on the kind of delegates to that convention.

The great fear—among some of the anti-New Dealers—is that President Roosevelt may be pushed so far that, in self-defense, he will start a battle that will gain the nomination for him as a whole. The tendency now is to discredit the president gradually, as water wears away rock.

Nor are those tactics secret. The smallest politician speaks of them—says all that has been said here. Even womenfolk in households have questioned me concerning them.

**IF NOT GARNER?**  
If Garner, who will be 71 on Nov. 22, 1940, is too old, who then? One does not know. There is the rub. Neither do the opponents of the president.

The recalcitrant southerners—some of whom probably will be beaten in primaries—would not select one of their number, as such a man could not carry the industrial north. Garner is national. Senator Harry F. Byrd is not—certainly not in the sense of Senator Arthur H. Vandenberg on the Republican side.

Governor Henry Horner of Illinois? He is a very successful man, but he could not carry the United States—yet.

He is in the position of Gov. Frank Murphy of Michigan, on the Roosevelt side of the fence—a good man, but he might not be able to carry the nation as a whole.

Garner has an excellent personality for political purposes. Eliminate him, and there probably remains only one strong personality in the Democratic party—F. D. R.

There is, however, evidence that Garner will not be eliminated, even by age, by the anti-Rooseveltians, for the moment. No matter what critics are made, he has been put forth as the spearhead of the "Stop Roosevelt" movement. And whatever stopping is done must be done now, in the present primaries. Those are the orders of the anti-New Deal high command.

And bystanders are wondering just how Mr. Roosevelt will counter. The New Dealers expect him to counter—and soon. And so does the other side. So continue to watch the headlines—or get the lowdown from your precinct committeeman.

**Congress Is Irked Over Spending Plan**

Central Press  
Washington Bureau  
602 Times-Herald Bldg.

By CHARLES F. STEWART  
Central Press Columnist  
WASHINGTON, April 19.—Congress is in an awful state of mind over President Roosevelt's spending requirements.

The average lawmaker, as is well known, strongly is disposed to vote federal money to be spent in his own individual backwash—statewide or representative district-wide. He has a large class of constituents who expect to benefit from such grants and will fight him on re-election day if he opposes them. Heretofore he generally has considered it the part of political wisdom to yield to the demands of this class.

However, he has also a sizable class of taxpayers constituents who, he is aware, are beginning to incline toward a policy of biting his political ear off if he endorses a program calculated to increase the burden of imposts for them to bear.

He is uncertain which class to cater to most.

**NO PARTISANSHIP**  
There is not much partisanship involved in the problem.

Republicans are somewhat more independent of the administration, to be sure, than Democratic legislators are. Still, Democrats no longer care much for White House support in their campaigns.

No further back than a few weeks ago Democrats, coming up for re-nominations, were worried lest they may meet with Rooseveltian hostility. Now they express indifference as to it. They reckon that, even if executive enmity does damage them a little, they will more than make it up by Republican aid.

**ILLINOIS CITED**  
Recent Illinois primaries were suggestive.

The Republicans bailed neckily. However, anti-administrative Democrats scored notoriety against the administration's Democratic "pros".

The conclusion would seem to be that Republican primary voters desert their own Republican aspirants in favor of Democratic anti-administrative.

It amounts to a partisan realignment, of course.

**ALIGNMENT IN REVERSE**  
Such a realignment has been promised for years.

But, curiously, this is a realignment in reverse of what one would have anticipated.

A realignment appeared to be impending in 1934, when many voters apparently were shifting from Republican conservatism to Democratic or Progressive liberality.

Today many Democrats are shifting to conservatism, and are trying to pick up all the erstwhile liberal votes they can get.

**CONFUSED**  
In short, a liberal leads a reactionary Democratic party.

And Republicanism, supposedly liberal, is conservative.

Thus, President Roosevelt, nominally a conservative, is a liberal.

Vice President Garner and his associates are those tactics secret. The smallest politician speaks of them—says all that has been said here. Even womenfolk in households have questioned me concerning them.

**IF NOT GARNER?**

Stock MarketEasier Tendencies Persist  
During Trading Of Morn-  
ing HoursBy LESLIE GOULD  
International News Service Finan-  
cial Writer

NEW YORK, April 19.—The stock market today continued to drift lower in sluggish trading, leaders adding a point and more to yesterday's losses of more than 2 points.

Reopening of the major European markets after an extended Easter holiday, with spectacular gains on the Paris Bourse, failed to stimulate local securities.

Stocks were lower from the opening point, and easier tendencies persisted through the forenoon. Leaders on the downside included the steel, rail, chemicals, copper and blue-chips. DuPont dropped more than 2 points on top of yesterday's decline of 3.

U. S. Steel, Bethlehem and Bethlehem each lost more than a point. Similar declines were suffered by General Motors, Santa Fe and Union Pacific in the rails; Anaconda, Kennecott and American Smelting in the copper; Montgomery Ward in the mail order; American Telephone; Douglas Aircraft; American Can, and Eastman Kodak.

Most commodities lost ground, wheat slipping fractionally and cotton about 25 cents a bale. Bonds were quiet, the market being featured by demand for higher-grade issues.

## Biggest Flower Show In State Will Open Soon

Valley Forge And Cumberland Valley Lure Tourists To See Blooms

## ORCHARDS TO VIE WITH DOGWOOD

HARRISBURG, April 19.—Pennsylvania's greatest flower show will open soon.

Flowering dogwood at Valley Forge and elsewhere, and apple orchards throughout the State will unfold in fragrant beauty during the first two weeks of May.

Brightening miles of countryside, these twin spectacles will lure hundreds of thousands of motorists to the blossom regions, predicts the State Publicity Commission.

"Pennsylvania is proud of its annual pageantry of blossoms, and assures a hearty welcome to all those who come to share with us this season's beauty," commented Roy E. Brownmiller, chairman of the commission.

"More than 100,000 visitors are expected at Valley Forge to see the 45,000 dogwood trees there mantle entire hillsides in their snow-white blooms," he said.

"Those acres of whiteness remind many visitors of the bleeding feet of Washington's ragged army during the fierce winter they spent in camp here."

"In the midst of the forests of dogwood tourists find magnificent shrines erected by a grateful Nation in memory of the heroism of George Washington and his men during the darkest hours of the struggle for independence."

"Here in Washington chapel, an edifice of inspiring beauty and solemnity conveying to the visitor the deep significance of Valley Forge. In contrast are replicas of the rude huts occupied by the Continental troops 150 years ago."

"Good roads criss-cross the 1500-acre park, and connect with main highways, each in all directions."

"Other dogwood blossom areas are found throughout the State, from north to south and east to west."

Mr. Brownmiller pointed out that acres of delicately tinted apple blossoms, scenting the air with their perfume, will provide another major feature of the State's flower show.

"Literally millions of trees in the great orchards of the Cumberland valley and the central counties are transformed at this time of the year into a veritable fairyland."

"In the Cumberland valley orchards are located in the foothills of the Appalachian ridge which form a natural scenic background for the blossoms. Here York imperials, the principal variety, offer abundant, snow-white blossoms to the colorful panorama. Staynans and other varieties add a delicate pink to the picture."

"Here, because of differences in elevations, the blossoms may be seen in their perfection over a two-week period, instead of one. While orchards on the 600-900-foot hills are just beginning to bloom, this year they will be at their best during the first two weeks in May."

"Localities where the early blossoms may be seen include Arundsville, Aspers, Biglerville, Cashtown, Fairfield, Floradale, Guernsey and York Springs; the late blossoms may be seen at Bendersville, Boyd's School, Gardners, Newmans and Peach Glen."

"Other famous apple orchards are at Tyrone, Blair county, where an annual festival is held, near Huntingdon, and in Jefferson, Westmoreland and Erie counties, in the west."

"Apple growers are only too glad to show tourists through their orchards, especially during the blooming and gathering seasons."

"Many Japanese cherry trees also bloom at Conrad Weister Park near Womelsdorf, Berks county, and there are also large fruit orchards near Thicketty in Lehigh county."

"Later in the season, laurel festivals will be held at Stroudsburg, Monroe county, in Wellborn, Tioga county, and in Cook forest, Forest county. Punksstaway also sponsors an annual rhododendron festival."

## Air-Mail Service On One Day Basis From May 15 To 21

Private fliers will be designated to pick up mail Along Mapped Routes

(International News Service) PITTSBURGH, April 19.—All communities without such facilities at present will be given one-day airmail service during national airmail week May 15 to 21, it was announced here today.

Private fliers will be authorized to pick up airmail along designated routes and deliver the mail to the nearest bases where it will be transferred to regular airmail planes.

The announcement was made here by Postmaster Joseph Clark of Natrona, who conferred over the week-end with Assistant Postmaster General Harlee Branch. They were flown to Washington by Harry Siler of Natrona, who on the special day, May 19, designated for the one-day demonstration of airmail service will collect mail on a route including Tarentum, Butler and Oil City and ending at the county airport here.

In connection with national airmail week, the committee in charge of the celebration will send out a series of "chain cards." They will bear such slogans as "My Plane" and will have spaces for five persons to sign in addition to the postmaster who finally receives the card. The purpose will be to keep the cards moving with airmail stamps. The cards will also inform the

## Council Approves City Payroll; But Status Of Glover Is Unsettled

Council convened in city hall Monday afternoon and voted approval of the city employee payroll after Councilman James L. Fink had offered a motion to that effect which was seconded by Councilman William H. Dunlap. The vote to pay the employees Thursday was unanimously. The council refused to vote on the payroll Monday morning because they desired to settle the status of Curren Glover. It remained the same after the payroll was approved.

Here's the gist of the situation: Glover has been streets commissioner for several years. Recently Councilman William H. Dunlap desired to name William G. Fleming to that post. Council refused to formally approve Fleming. His appointment was never brought formally before council. However, they did say it was reported, they were not averse to giving him employment, but not as commissioner of streets.

Recently Dunlap during a formal session of council submitted a resolution naming Glover as foreman of sewers. Council voted unanimously on the resolution. Dunlap then named Fleming as an inspector in the streets department and Fleming up to several days ago was acting commissioner of streets.

At Thursday's councilmanic meeting a legal department opinion was delivered to council in which City Attorney Gilbert Long ruled that inasmuch as no resolution had been passed dismissing Glover as streets commissioner he was yet entitled to that position and to \$160.00 a month wages.

As foreman of sewers Glover would draw \$120.00 a month. As

inspector of streets Fleming has been drawing 60 cents an hour. The mayor and all council, except Dunlap claim Glover is yet the commissioner and can claim his salary as such. Dunlap claims the city has no commissioner.

When the payrolls came in yesterday morning Dunlap approved Glover's pay as a foreman of sewers at \$120.00 a month and Councilman Fink requested colleagues to delay voting on the payroll, believing that the matter could be threshed out. However, it was not. In fact the afternoon session was no more calm than it had been Monday morning.

Mayor McGrath made it decided to plan Monday afternoon that he does not want the present situation to continue. He claims that Dunlap has never presented a motion legally to dismiss Glover as streets commissioner and owing to this believes Glover can claim the salary of a commissioner.

He also said that he does not propose to let the present situation go on. He was ready to vote on such a motion and to vote on anyone whose name might have been presented for that post. According to the legal opinion Glover can step in and claim wages, yet Dunlap does not consider him commissioner.

The afternoon meeting opened with the mayor giving the status, as ruled by the legal bureau, is that of commissioner of streets at a salary of \$160.00 a month.

On New Job  
Councilman Dunlap contended that when council passed the resolution naming Glover as foreman of sewers that put him on the new job and he would approve the payroll for Glover at \$120.00 a month and no higher figure.

"I voted for the resolution but the solicitor's assistant, Gilbert Long says we are wrong. What the thing now to do is, I don't know said Councilman Rice.

Councilman Fink then asked: "The point now is, can Glover claim his salary?"

Mayor McGrath and Councilman

Rice both said that "the assistant solicitor says he can if he cares to and this body can pay him up to \$160.00 a month."

Fink—"He was elected for one job; streets commissioner (meaning years ago).

Dunlap—"He did not act as commissioner for two weeks (recently). Mayor—"He, himself, has not made any claims about it (meaning the pay as commissioner).

Rice—"I have not talked to him about this."

Mayor—"The most important thing about this, is to straighten it out for the city business. This body is here to conduct business in the best possible way, according to law."

Fink—"To bring it to a head, if he wants to claim the money, I move the payroll be approved."

Dunlap—"I second the motion."

Rice—"How are you going to take care of the difference? (meaning between \$160.00, as commissioner and \$120.00, as foreman of sewers). Mayor—"If you approve it, at \$120.00, it is up to him to apply for it. He can demand it as being entitled to it."

Fink—"We are not taking any rights away from him."

Alexander—"The man did not perform duties to get \$160.00. Every one else did."

Mayor—"I don't know that."

Alexander—"O. K. He (Dunlap) has 'okayed' his payroll. I won't stand in his way."

Glover To Get \$120  
When the roll was called by City Clerk C. Ed. Brown the vote was unanimous. However, the payroll called for Glover to receive \$120.00.

The mayor then said the city has a record of a street commissioner who has not been legally removed and added that the council had been given a statement that he has not been functioning as street commissioner.

Mayor—"Are you satisfied to let this condition continue?" Dunlap—"That work is being taken care of satisfactorily."

Mayor—"By whom?" Dunlap—"Under Mr. Fleming's direction."

Mayor—"Under what capacity?" Dunlap—"He has taken charge of the men."

Mayor—"Doing the work of the commissioner?"

Dunlap—"Yes."

Mayor—"This is an evasion of the law."

Dunlap—"No."

The mayor then advised that inasmuch as Glover is on the records as street commissioner "either discharge him or elect him. He has not been discharged." He recalled Dunlap said he was not filling such duties.

Fleming's Rating  
Alexander referred to Fleming's rating as an inspector. He said the city only employs inspectors when there is contract work being done. He said there is no reason to pay for inspectors now.

Dunlap declared that the streets department is trying to do the work as economically as possible and in assigning Fleming to do the work of a commissioner nothing had been done illegally.

"Is there any reason you cannot put a man in?" asked the mayor, meaning as commissioner.

"Council would not confirm him" replied Dunlap.

"Have you ever offered one?" the mayor asked.

"No" Dunlap replied.

"Is there any reason you cannot elect a man as street commissioner?" the mayor inquired, then added: "You cannot put one in until you get rid of the one you have."

Let It Stand  
Dunlap retorted that when he discussed the dismissal of Glover with

council all were agreed to this but when he proposed Fleming as a successor the council said to "let it stand."

Mayor—"You did agree to let it stand that way but you did not keep your agreement."

He then added that Dunlap gave a statement that the city had an acting commissioner.

"The city now has a commissioner who is not permitted to do that duty" the mayor charged.

"I do not know who he (Glover) is taking orders from but he is not taking them from me." He then charged interference in his department.

"I feel the city should have a street commissioner. This is an important time of the year to have one. The law says the commissioner should be elected by council" Mayor McGrath asserted.

"You say we have one now and can't put another in. What can you do?" inquired Dunlap. "If you want to run the street department in secret, I don't know how we are going to."

"Any particular individual 'butting in'?" asked Alexander.

"I don't know who is giving orders" retorted Dunlap.

"Shoot your bullets direct" exclaimed Alexander.

"Someone is giving him (Glover) orders. Did you ever read the ordinance?" asked Dunlap. He then took from his pocket an ordinance passed in 1934, which provides that all officers in that department are to work as directed by the director of streets and public improvements or by the city engineer with the consent of the director of the department.

Mayor—"Is the commissioner (Glover) not doing his duty?" Dunlap—"I don't know what he is doing. He is not taking orders from me."

Mayor—"Has he done his duty. Why don't you remove him?"

Dunlap—"I can't."

Mayor—"You can. The law is there for you to remove him." The mayor then said Dunlap had not made an effort to dismiss Glover.

Dunlap—"This has happened only since last Friday."

Dunlap maintained that the city does not have a commissioner.

Mayor—"That is a matter of record."

Opinion Filed  
City Clerk C. Ed. Brown then said that the opinion of Attorney Long had been placed on file.

Rice then maintained Glover had not been removed legally. Alexander said the only way he could be removed legally would be by ordinance.

Mayor—"He can but has he (Dunlap) shown any cooperation?"

Dunlap laughed and declared "Don't be funny."

Alexander—"This situation could go on for four years and Glover could come back and ask for his salary (\$160.00 a month)."

It was at this point that Mayor McGrath asserted:

"This won't go on because I won't let it go on."

Dunlap—"I did ask you (council) to remove Glover. I told you he was not satisfactory. Action was taken to remove him."

Mayor—"He wasn't removed."

Dunlap—"You took the action."

The mayor turned to the rest of council and asked: "Are you going to let this go on?"

"For the time being" replied Alexander. "I am not going to tell him how to run his department. If he is going to continue this, council can elect a street commissioner" he warned.

Mayor McGrath wanted the situation cleared up at once.

"If anyone knows what you want I don't and I can't tell you or suggest what you want" said Dunlap getting up from his chair and leaving the room as council adjourned for the day.

## Building Trades Council Edict In Pittsburgh Ignored

Board Of Education Property And Supplies Committee Defies Union

(International News Service)

PITTSBURGH, April 19.—Defying a building trades council edict that all contracts must go to union-approved firms, the committee on property and supplies of the Pittsburgh board of public education today sought a showdown on the issue by recommending the award of five bids to firms on the union's banned list.

As a result, a possible court test was foreseen. It was suggested that R. N. Cross, board solicitor, be authorized to carry the matter before the bar and let the courts settle the controversy once and for all. It was believed the entire board would rubber stamp the action when it convenes today.

The sudden action came after a vigorous fight led by Dr. George W. Goring, pointing out the state law which requires that bids be awarded to the lowest responsible contractor, the doctor said.

"Are we to be governed by an outside agency, or by the laws of the commonwealth? I refuse to violate my oath by approving an illegal act."

"We've got to have a showdown now," he asserted. "This situation is intolerable. If any member wishes to cast his vote in violation of the law, that is his affair. But I won't."

## Scout Executive Board Will Meet

A meeting of members of the Executive Board of the Lawrence County Council, Boy Scouts of America, has been called for Monday evening, April 25, at 8 o'clock, in the Scout office in the Grey building.

Karl F. Green, scout executive will be in charge of the meeting. Camping will be the main item of business before the group as the camping season for this year is rapidly approaching.

## Explains Why Plan Is Opposed

Mayor Reports Dunlap's Plan Would Have Cost City An Employee's Salary

An aftermath of last Thursday's session of council came following Monday's meeting when Mayor Charles E. McGrath explained that had the plan of Councilman W. H. Dunlap been adopted for handling materials for city-WPA projects the city would have been required to pay the salary of an employee, which he claims, the city now escapes. The mayor asserted this amount might have been \$1,500. He said last Thursday that the director of streets plan called for an added expense.

The mayor's statement last Thursday followed the allegation of Director Dunlap that the mayor and Councilman Pink, Alexander and Rice had virtually taken the matter of public improvements out of his hands, despite his position as director of that department. Dunlap also asserted that materials had been bought illegally for city-WPA projects for two years. (Recently council adopted an ordinance designating this duty to be handled by Councilman Alexander, city purchasing agent.)

**Opposes Plan**  
Mayor McGrath said the plan of handling city-WPA plans was explained to Dunlap when he entered office. He said the services of Charles Bishop were paid for by the WPA. The salary he receives was not mentioned during the meeting of formal council Thursday. Dunlap told his colleagues during the informal meeting that he would not agree to have this plan continued. According to Mayor McGrath, Dunlap wanted to name a man at the expense of the city, a move which council opposed.

Bishop is the storekeeper of materials and supplies and when such are needed, reports state, he orders them through Alexander who signs the requisition. When they are delivered Bishop reports to Alexander and the latter signs for their receipt. Dunlap said he opposed this plan because the materials are not ordered through him and he has no knowledge of such being received and therefore he would not sign for their receipt. He maintained Thursday that because of his position he should have charge of this.

Since passage of the ordinance the duty falls in Alexander's office.

During the Thursday controversy it was reported by Mayor McGrath that the city kept a check on all the materials ordered and received.

Boys behaved better in your time, did they? Well, perhaps they had more sensible parents.

In an opinion handed down Monday by Judge Braham, the appeal of the New Castle Refractories company for a new trial in the suit recently won by Blodwen Taylor Price is refused. The suit arises out of the death of Harry Price, late husband of the plaintiff who died February 9, 1936. His death came through tuberculosis, superinduced it is contended, by silicosis. In the trial of the case the plaintiff claimed he had inhaled minute particles of free silica which set up the condition from which he eventually died. The defense argued there was no free silica present in the dust of the plant. The jury returned a verdict for the plaintiff of approximately \$11,000.

Unusual Program Is Enjoyed At Rotary Club Session On Monday

New Castle Rotarians discovered how much or how little they know about their fellow members when "Prof. Kwizz," that scholarly gentleman who knows all the answers, conducted an amusing question period concerning Rotarians at the club's weekly meeting in The Castleton yesterday.

Chairman of the day's program was Ross D. Rosenberger. The questions were asked by William K. Huges. The Rotarians were asked 20 questions, all pertaining directly to the members. Then their table companions corrected papers.

The three county commissioners, Floyd L. Cotton, A. R. Turner and George H. Bolinger had to sign their names pretty, Monday. A new stamp is needed for the books that go out to election officers which must be signed by the commissioners. They did their prettiest on their signatures.

Saturday, April 16, will be remembered in the permanent registration commission office. On that day 716 voters passed through, registering, changing party affiliation or changing address. Of the total, 165 voters registered as Republicans, 201 as Democrats, 230 changed their address, 38 changed from Democrat to Republican, 72 from Republican to Democrat, 2 from No Party to Republican, one from Socialist to Democrat, one No Party to Democrat, one Republican to Prohibitionist, two registered as members of the Royal Oak party, two as No Party and one as a Prohibitionist. The registration books are closed for the spring primary now, insofar as new registrations are concerned. If you are not on the books you will have a reserved seat on the sidelines on May 17.

Upon petition of voters of the 7th precinct of the 2nd ward, the vacancy in the judgeship of the board, caused by the resignation of Kenneth E. McElure was filled by the appointment of James E. Chambers.

In the office of Register and Recorder Orville Potter, the following letters have been administered: Letters testamentary to James and Elizabeth Durant in the estate of Levine J. Durant, late of New Castle, who died March 20, 1938.

Letters of administration to Anna Slapnickar in the estate of Henry Slapnickar, late of Bessemer, who died March 29, 1938.

The local Rotarians, President Walter W. Duff announced, are considering inviting the 1938 convention of the 17th district of Rotary International to New Castle. The 1938 convention takes place in Bradford, Pa., on May 16 and 17, and if the club votes to extend a bid, the invite will be presented by its delegates then.

A guest of the Rotarians Monday was Thomas Carruthers of Butler.

## Hospital Problems Will Be Discussed

Expect 1000 Executives And Technicians To Attend Pittsburgh Convention

(International News Service)  
PITTSBURGH, April 19.—Hospital and their perennial struggle to maintain and improve medical standards in the face of persisting financial difficulties will be shoved into the limelight here April 27-29 as nearly 1,000 hospital executives and technical assistants convene here.

The occasion will be the 17th annual convention of the Hospital Association of Pennsylvania. The organizations will join forces for the meeting, holding separate and joint sessions. They are the Hospital Association, the Pennsylvania Dietetic Association and the State Association of Nurse Anesthetists.

Uppermost will be vital problems affecting hospitals and the public, including moves towards group hospitalization, raising standards in nursing and food service in hospitals as influenced by the science of dietetics, financial dilemmas of voluntary hospitals and the corrosive effect of widespread taxation upon hospital services.

## Would Place All Salaries Subject To Income Tax

(International News Service)  
WASHINGTON, April 19.—Senator Byrd (D-Virginia), conservative, is ready to pave the way to new tax fields for the government. He will seek to have Congress submit a constitutional amendment to the country to tax now tax-exempt U. S. bonds and put salaries of all public employees within reach of the federal income tax.

As it is now, federal employees pay the federal tax only; state employees pay the state income tax only. The President suggested a plan like that of Byrd's in his recovery message the other day.

If the new taxes are undertaken, by constitutional amendment or by present authority of congress which has been cited sufficient by proponents of the new levies, more millions will pour into the federal treasury.

## Miss Frances Doyle Named As Delegate

One Of Representatives Of Indiana At Conference In Harrisburg This Week

(Special To The News)  
INDIANA, Pa., April 19.—Frances Doyle, daughter of Mr. and Mrs. Frank R. Doyle, of 913 Morton street, New Castle, has been elected by school officials and the Student Co-operative Association of the Indiana State Teachers' College, where she is a senior in the Department of Business Education, to journey with fourteen other delegates to Harrisburg on Thursday to attend the four-day sessions of the Model Governors' Conference, a part of the fifth annual Intercollegiate Conference on Government.

Miss Doyle, who was a member of the 1934 graduating class of New Castle high school, has been very active in scholastic and extra-curricular activities. She is treasurer of Kappa Delta Pi, membership in which is considered one of the greatest honors on the campus, and was a delegate to the 1938 annual convention at Atlantic City. She is also president of Pi Omega Pi, honorary business education fraternity. Pi Kappa Sigma, campus social sorority, Women's Athletic Association, Newman club, Resident Women's Student League, Varsity "I" club, Junior Chamber of Commerce and Leonard Literary Society are other organizations in which she holds active membership.

Representatives of forty Pennsylvania universities and colleges will convene at Harrisburg on Thursday to Sunday, April 21-24, for a conference at which the students will frame and amend laws that will be

## Bank Resources In State Announced

Resources Of 1,066 Insured Commercial Banks Total \$5,253,199,000

By ARTHUR C. WIMER  
(Special Washington Correspondent, New Castle News)  
WASHINGTON, April 19.—Resources of the 1,066 insured commercial banks in the State of Pennsylvania totalled \$5,253,199,000 on December 31, 1937, according to a survey made public today by the Federal Deposit Insurance Corporation.

Deposits in the insured banks were listed as \$4,351,022,000. Demand deposits of the latest call date amounted to \$2,650,789,000 and time deposits totalled \$1,671,613,000, each exclusive of inter-bank deposits.

Loans and discounts of the reporting banks amounted to \$1,459,119,000, a gain of \$32,798,000 over the December 31, 1936, total.

Direct and guaranteed obligations of the United States Government listed by the Pennsylvania banks amounted to \$1,314,754,000 on December 31, 1937. Other securities totalled \$1,033,772,000.

Loans and discounts of the 13,765 insured commercial banks throughout the country totalled \$16,717,457,000, an increase of \$77,745,000 or 3 per cent over the amount reported December 31, 1936. Deposits declined to \$47,121,415,000 from the \$49,257,964,000 reported the previous year.

# U. S. Not To Recognize Italy's Conquest Of Ethiopia

## Not To Follow England's Lead

No Change In American Principle Of Non-Recognition, It Is Said

### TRADE TREATY IS HELD IN ABEYANCE

By ROBERT G. NIXON  
International News Staff  
Copyright, 1938

WASHINGTON, April 19.—Despite strong pressure exerted by completion of the Anglo-Italian accord, the United States government will not climb on Britain's band wagon and recognize Italy's conquest of Ethiopia.

Regardless of international repercussions, there has been no change in the American principle of non-recognition of territories taken by force of arms, and none is being considered, International News Service was informed today.

No Recognition  
The United States' commercial relationship with Italy has been threatened by this stand, and completion of a new treaty of friendship, commerce and navigation between the two powers has been held in abeyance for many months. The United States has been adamant in its determination not to sign an agreement which would be addressed to the Italian king under the title of "emperor of Ethiopia."

A temporary commercial agree-

ment was signed between the two countries in December, providing for a few fundamental matters, but no permanent treaty will be completed so long as Italy holds out for recognition of Ethiopia, it was emphatically declared.

The Anglo-Italian pacification has been greeted with high favor by the state department as an important forward step toward general appeasement of European political differences and continuance of peace. But this attitude, it was explained, does not mean that the United States feels compelled to adopt the methods employed by Britain.

The particular problems tackled by Britain and Italy are regarded by the American government as purely Old World in scope.

## Traffic Officers Commence Training At State College

(International News Service)

STATE COLLEGE, Pa., April 19.—Forty-two traffic officers registered here Monday for the second annual traffic officers training school held by Pennsylvania State college.

The traffic officers began two weeks of intensive lectures, demonstrations and field work. The first lecturer will be Kirk Keegan, assistant state trooper for the National Safety Council in Chicago. He will speak on accident reports and records. Other main courses scheduled for the week include instruction in driving, training and accident investigation.

NOT SO "WHACKY"  
(International News Service)  
PHILADELPHIA, April 19.—Modern youth may not be quite so "whacky" after all—if the results of a survey at Overbrook high school count for anything.

Tabulation revealed a majority of the students are opposed to a girl's using lipstick and powder puff in public. Kissing on the first date, a majority, however, go out on dates. Dance and think a good night kiss is fine—after the first date.

## AROUND CITY HALL

Representatives of bonding houses appeared before council yesterday. They said their firms had financial engineers. They asked the council to permit them to analyze the city's financial condition which they would tell to bondholders and they said by doing this they could get the city a low cost on their bonds. The city will soon sell \$100,000 worth of bonds of which \$50,000 will be used to build sewers and \$50,000 will be used to pave streets.

Council yesterday referred from committee an ordinance which provides for the grading of Crescent avenue from the south line of Shaw street to the south line of Shaw street. The grading will be charged to the abutting property-owners. The thoroughfare is crescent shaped.

## Hear Testimony On Petition Of Sheriff Ingham

**Court Asked To Set Per Diem  
Allowance For Care And  
Feeding Prisoners**

Before Judge W. Walter Graham, sitting in court room number one of the Lawrence county court house today, the petition of Sheriff M. X. Ingham for a per diem allowance for the care and feeding of prisoners was partially heard. After taking testimony in support of the sheriff's case, a continuance was granted until next week after next.

The cases arise out of the inability of the sheriff and the county commissioners to agree upon a per diem allowance. Some time ago the commissioners offered 28 cents per day per prisoner, with the commissioners assuming the expense of soap and medicine. The sheriff asked for a higher allowance to which the commissioners would not agree.

Sheriff Ingham testified as to the manner in which the jail was kept, the method of feeding, the number of inmates, the number of prisoners who had been in his care and the number of assistants he has. Former Sheriff Edward D. Pritchard and Frank N. Johnston testified as to the number of prisoners they had in their care during their terms of office and said that so far as they knew the method of caring for prisoners was about the same now as it had been.

Counsel for Sheriff Ingham placed in evidence a number of bills for food and groceries contracted since January 3. Counsel for the commissioners then asked for a continuance to permit time to scrutinize the bills placed in evidence.

A RECENT national poll of truck buyers reveals astonishing price news. Questioned from coast to coast, hundreds guessed wrong on the price position of America's low priced trucks. Many answered that they believed Dodge trucks "cost up to \$135 more than the others." Yet Dodge is now priced with the lowest!

**Best Proof of Extra Value!**  
Maybe we have told America too convincingly about the sensational extra-value features built into the new 1938 Dodge trucks. Perhaps people simply can't believe that Dodge can give so much extra for your money. Perhaps it is hard to believe Dodge trucks can include dozens of money-saving features and still be priced with the lowest.

**Test a Dodge... Be the Judge!**  
Possibly you, too, have thought of Dodge trucks as being "twice more... higher priced." Today, in most cases, there is only a few dollars difference in the prices of the low priced trucks. And Dodge is priced with the lowest!

Remember, Dodge makes a truck to fit your needs in its complete line ranging from its own commercial cars to heavy duty trucks. So, before you buy any truck, ask your Dodge dealer to send a 1938 Dodge for you to try. Phone him today.

### Baseball Season To Get Under Way In Earnest Today

Yanks, Red Sox, Senators And Athletics Beat Gun, Others Start Today

St. Louis Cardinals "Dean-less" Face Pirates, Cubs Meet Cincinnati

By DAVIS J. WALSH  
International News Service Sports Editor

NEW YORK, April 19.—Quite as regular as death and taxation, and just as certain, the major league baseball season comes rolling around again today in its inevitable cycle from season to season, solemnly observing the same old motions in precisely the immemorial manner. And as solemnly as though this droll business were incomparable, extraordinary and altogether beyond the bounds of precedent, 100,000 usually normal souls will go exceedingly rabid for purposes of the afternoon while the "lid," as we quaintly call it, is pried off, as we proverbially all in the various towns around the major "time."

#### Cards Are Deanless

Yes, it'll be pretty much the same old act, except in St. Louis where the gas house gang will be at something of a disadvantage. They'll be without their principal gas-bag, Mr. J. H. (Vertigo) Dean, who has picked up his curl papers and moved on to Chicago, for \$185,000 and three ball players, alleged.

Otherwise, everything is quite as expected, barring the fact that Giuseppe Di Maggio is grumbling in his groggy slumber. Fisherman's wharf, San Francisco, while the world's champion Yankees falter and fumble in a not-too-impressive endeavor to muddle along without him.

The Dean trade has made the Chicago Cubs a slight favorite over the champion New York Giants in the National League. Just as Di Maggio's holdout has not been without its effect on the American League situation. It has served to bring the Yanks closer to their field, at least until further notice.

#### Four Jump Gun

It won't be a unanimous opening, since two cities, Washington and Boston, jumped the pistol yesterday and at least two others, New York and Philadelphia, faced far from favorable weather for the occasion. Generally speaking, fair weather prevailed throughout the middle western group while the vague threat of impending rain hovered over the Atlantic seaboard.

The schedule for the day follows: American League: St. Louis at Cleveland; Detroit at Chicago; Philadelphia at Washington; New York at Boston (two games, Patrick's Day).

National League: Chicago at Cincinnati; Pittsburgh at St. Louis; Boston at New York; Brooklyn at Philadelphia.

Yanks Beaten  
In yesterday's advance opening, the Yankees were beaten by the Boston Red Sox, 8 to 4. Red Ruffing failing to last, while the Washington Senators won from the Philadelphia Athletics, 12 to 8. Therefore, an all-National and part-time American inaugural was down for today.

Mr. Dean will not pitch the opening game for his current affiliation in Chicago, since he hasn't been with the club even long enough to pick a new sparring partner to replace Manager Frisch, of St. Louis.

Our man, Vertigo, will perform in tomorrow's second game at Cincinnati, leaving the big shot this afternoon to Clay Bryant. Bill McKelchie is understood to favor Gene Schott for the Reds.

William by the way, is one of three men with new managerial connections this year, the other two being Casey Stengel, of the Boston Red Sox, and Oscar Vitt, of Cleveland. Mr. Stengel is returning to baseball after a sabbatical year during which, according to some versions from across the big span, he was paid to stay away from Brooklyn.

Melton To Pitch  
Chief Melton, the man with the alert and inquiring ears who won 20 games during his first year in the National League, has been picked to pitch for the Giants at the Polo Grounds against Danny MacFadden, of the Bees. If the weather is willing, this one may play to 40,000, probably the biggest crowd of the day, except maybe for the Yankee-Red Sox double header at Boston. Grove and Gomez are liable to hook up in one of these games, if it ever sees the opening inning. Showers was the forecast for Boston, however.

It was cloudy at Washington for the second meeting of the Athletics and Senators and the same condition faced the Phillies and Dodgers, at Philadelphia where Bill Walters was expected to take serious issues with the Brooklyn beltinger, Van Mungo.

Buck Newsum was to work for the Browns against the Indians with Johnny Allen to oppose him. The other American League pitchers were Lawson for Detroit and Whitehead for Chicago. In St. Louis, Cy Blanton will pitch for the Pirates, provided he can find him by game time, against Bob Weiland.

### Rickey May Go After Mungo To Bolster Staff

(International News Service)  
ST. LOUIS, April 19.—Although he refused to confirm a report that he is attempting to obtain Van Mungo of Brooklyn for the St. Louis Cardinals pitching staff, Branch Rickey, vice president of the Cardinals Monday admitted "I have more trade irons in the fire."  
"I do not know, however if I will be able to swing a trade," Rickey stated. "A month ago I had an idea Dizzy Dean would be a member of the Chicago Cubs today. So you see I can't tell what's going to happen these days."

### Dean To Talk Money Matters With Wrigley

"Ole Dizzer" Will Ask Phil Wrigley To Part With Bundle Of Cash

DUCKY MEDWICK WANTED TRADED

(International News Service)

CINCINNATI, April 19.—In the grey and blue tunnels of the Chicago Cubs and for the first time in his whole major league career out of the uniform of the St. Louis Cardinals, Jerome ("Dizzer") Dean, the "great one of baseball" today indicated he wants more than chewing gum from owner Phil K. Wrigley.  
Traded to the Cubs Saturday for \$185,000 and three players, Dean looked gleefully to his future because he feels that in thriving Cincinnati he will earn a lot more of the hard cash than he did in St. Louis where crowds and money are so scarce.

#### Talks Money

Dean signed this season with the Cardinals for \$15,000 and a cash bonus of \$5,000, which are a lot of dollars but considerably less than the "great one" has received in the past.

"I want to talk over the whole money situation with Mr. Wrigley," Dean said today.

"Playing baseball in St. Louis and baseball in Chicago are different matters. Chicago draws a lot more people at the gate, and can pay much bigger salaries."

#### Had Radio Contract

"Then there is the little matter of a \$5,000 radio broadcast sideline I have in St. Louis and the deal pulled that dough right out of my pocket. Now I ask you, isn't that something to think about?"

Asked how he liked the idea of playing in Chicago, Dean answered: "I'm finally happy."

"What are the Cardinals going to do now?" was a question put by a scribe.

"That's their worry now," replied the pitcher. "I've been worrying about them for six years."

#### Medwick Left Behind

"Why didn't you bring Joe Medwick with you, Diz?" somebody asked him.

"Well, he wanted to come," was the answer.

In his first workout with the Cubs yesterday Dean took it easy. He threw a few easy pitches to Gabby Hartnett, chased flies for a while and then called it a day.

Manager Charley Grimm said he might start Dean against the Reds tomorrow, Dizzy, himself, said: "I'll work my head off for Grimm. I'm ready to pitch any time. I'll go out there and smoke them in whenever they need me."

The league operated on an open basis more or less last year and did not enjoy much success. It is expected that more success can be attained by making it a strictly bonafide league.

**K. Pulaski Will Have Fast Team In City League**

Alexander "Lefty" Maslyk, manager of the K. Pulaski baseball team, today announced that the Oaklanders will be in the thick of the fight for the City Baseball league pennant this year.

Maslyk is very enthusiastic over the chances of the Pulaski team in the coming fight. "We have a great team in prospect," says "Lefty."

We hope to get Paul Morrison, Dolly Hartman, Bill Gall and Steve Vincent to add considerable strength to the Pulaski team this summer. In addition the Oaklanders will have such old stand-bys as Joe Ostrosky, Al Ostrosky, also captain of the team, Glasser, Johnny Soho, Walter Soho, Johnny Smialowski, Teddy "Peaches" Kolcz, "Mooney" Severa, Casimir, Mateja, Walter Byish, Stanley Magnusiak, and "Twee" Janowski.

### Rambling Around World Of Sports

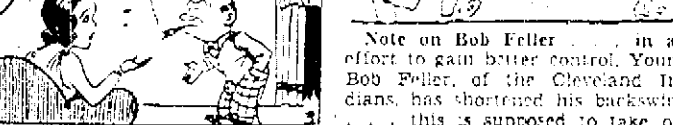

The Cubs-Cards Trade . . . the sporting world was stupefied over the week-end all because the Chicago Cubs pulled a fast one by grabbing "Dizzer" Dean from the St. Louis Cardinals. . . telephone calls into the sports department early this morning, proved that the baseball lovers were rocked no end . . . both clubs will benefit as a result of the transaction, unless Dean turns out to be the biggest flop-fero of the season . . . Dean's unusual air during the spring training season seemed to forewarn the sporting world that he wasn't very enthusiastic about wearing a Cardinal uniform this season . . . Frank Frisch was acting strangely too . . . to us it appears as though it was a case of either "Dean goes or I go." Frisch speaking . . . both clubs will benefit for this reason: Dean looked like he was washed up with the Cards regime . . . he acted as though nothing mattered, an unusual trait for a Dean who climbed the top rank in sports with his verbal masterpiece . . . a ball player who does not have his heart and soul with a team, doesn't belong on the squad . . . playing with one of the most colorful as well as one of the richest organizations in baseball, Dizzy is bound to put that old Dean fellow into the Cubs.

Joe its expensive to hold out . . . should Joe "I want \$40,000" DeMaggio continue his hold-out stunt, he's bound to discover how expensive the game of hold-out really is . . . right now, Joe is playing an independent part, much to the chagrin of Colonel Ruppert and the baseball world . . . when pay-day rolls around, we would like to be in Joe's elbow bending establishment and compare notes with the cash register . . . on the basis of the \$25,000 Joe has been offered, he will lose exactly \$182 a day for leaning against a bar instead of being on the baseball field . . . he doesn't seem worried now . . . but later on he might regret his antics . . .

A mixture of sport briefs in a paragraph . . . should you be interested in putting a few chips on the St. Louis Browns to win the pennant, you can get 200 to 1 by communicating with Jim Carroll, St. Louis commissar . . . Harold Abrams, former English Olympics sprinting champion, practiced running stairs one step at a time, to eliminate awkwardness . . . the present day training camp setup for boxers, was started by Jack Kearns when he was tutoring the mighty Jack Dempsey. Kearns charged a buck a throw to watch a mauler prepare for his shin-dig with Jess Willard . . . there are about 22 American League players who have made 1,000 or more hits in their major league careers . . . the Boston Red Soxers boast at least six batters who have 300 lifetime averages . . .

Note on Bob Feller . . . in an effort to gain better control, Young Bob Feller, of the Cleveland Indians, has shortened his backswing . . . this is supposed to take off some of the speed of his pitches but experts say he can lengthen his pitch after he gains control and come back with a fast ball as speedy as he displayed last year . . . P. S. American League teams please take note . . . because of this, they claim that Lou Gehrig, Jimmy Fox, Selkirk, Dickey, Greenberg and the remaining blasters of the loop, are sending a letter of protest to the commissar . . . Tsk Tsk Tsk . . .

The Rambling Reporter enjoys receiving brief suggestions, opinions or views about matters pertaining to the world of sports.

Is he through? . . . as soon as the bold type flashed into the sporting world, fans readily commenced to delve into the situation, asking if Dean was through, or whether there was some kind of a trick behind it all . . . we do not think he is through . . . it was just a case in which a player just couldn't get along with his superiors . . . Dean did have a miserable season in 1937, winning 13 against 10 losses . . . but look at the tough luck he had . . . sickness and injuries played an important role . . . and then the Cardinals weren't anything to write home about . . .

### TALES IN TIDBITS

By BILL BRACHFUR  
Central Press Sports Editor

NEW YORK, April 19.—Brilliant rookies color the lineups of the clubs starting a new baseball season. And here and there are the old familiar faces of men in whom the spark of youth has faded, but who still can go to town on what they know.

Earl Whitehill first wore a Detroit uniform 16 years ago. He became a regular starter for the Tigers in 1924, when he won 17 games. Earl no longer can claim that fast one-bending across the batter's knees.

But he is one of Cleveland's Big Four starting pitchers just the same. Thirty-eight years old, he seldom has appeared in better form than this spring.

Charley Root's career goes clear back to 1921, when he made a false start with the St. Louis Browns. Two years in the Three-Eye league and he made another bad start. Then, in 1926, the Cubs grabbed him from Los Angeles. Through fair weather and foul, Charley has been in there ever since, making a remarkable showing last year, when for a time during the Cubs slump, he was the only pitcher Grimm could call upon to win a ball game.

Charley will be 40 next St. Patrick's Day.

Charley Ruffing isn't a chicken any longer. He will be 34 May 3, and the major leagues first saw his fast ball 14 years ago, when the Red Sox bought him from Danville for \$4,000. During the last two years he has been one of the two pitchers most responsible for the success of the Yankees, winning 20 games each season. He's getting along in years now—but without him where would the Yankees be?

What Was In 1933?

Warren Harding was president and Al Capone was threatening to sack Chicago out of town when Ted Lyons pitched his first game for the White Sox. Without a day of minor league experience he came straight from the campus of Baylor university to the Sox slab, and he has decorated it ever since, proving not only ornamental, but extremely useful. Lyons will be 38 in December, but he won 12 games for Chicago last year, and there seems to be no reason to believe he will not win at least that many in 1938.

Red Lucas of the Pirates has been pitching ball for 18 years, since he started with Nashville in the Southern. But not until 1924 did he reach the status of a major leaguer, breaking in with the Braves. Red's best years were spent with the Reds.

Grimes Likes Hoyt

Waite Hoyt is the veteran of them all, pitching the opening day game for Brooklyn. Hoyt pitched an inning for the Giants just 20 years ago.

### Bowling Congress Will End Tonight

Chicago's Birk Brothers With 3234 Total Win Five-Man Title

(International News Service)

CHICAGO, April 19.—The 38th edition of the American Bowling Congress tournament will be concluded early tonight, with the final rolling of the doubles and single events.

Chicago's Birk Brothers were crowned five-man champions when 120 teams—the last of 4,957 scheduled—failed to disturb the 3,234 point of the Windy City lineup, scored April 5. The Birks put two better marks of 1,129, 970, 1,135 in beating the former all-time high, 3,189 scored by the Milwaukee Tea Shops at Peoria in 1927.

Five diamond medals, \$1,000 cash and a sponsor's trophy valued at \$1,000 will go to the new champions. The Birks, with two of the members of the present lineup, Jules Lillinger and George Geiser, a Chicago policeman, won the title back in 1917 with a 3,061 total.

Second and third positions in the five-man class was won by two other Chicagoan lineups, Vogel's Windy City Five of Forest Park, Ill., counting 3,097 for second berth, worth \$800, while the Soper Bros, Cicero, bagged \$850 for their 2,995 count.

Royals To Enter Softball League

Eugene "Gabby" Kendra, announced today that the Royal A. C. Softball league for the coming summer will have a strong lineup.

Kendra hopes to have the following in the lineup this year: Art Getty, Sherry Palkovich, Mike Gabriel, G. Kendra, Karl Kromka, Alvin Sniezek, Gus Reiber, Summy Duda, Butch Jennings, Vic Mew, Johnny Phillips, Olowoski, Ed Kocyla, John Nycz, Freds Heim, Joe Gendler, Mike Mitchell and Norm "Cannonball" Bishara.

Promoter Steve Cox has practically arranged his card for the boxing show at Pittsburgh Thursday. In the two feature bouts of six rounds each, Puerto Goerz will meet Mickey Lyke and Mac Verge will oppose Troy Bellini.

Fishermen continue to catch trout in county streams daily. Some nice ones have been taken from the streams. Reports say the largest trout are being taken from Hickory creek.

Mike Jacobs, promoter of boxing, may state in what city the Louis-Schmeling fight will be held some time this week. The scrap which will find Louis defending his heavyweight crown, will be held June 22.

Down to ask for more money that paid him by St. Louis Cardinals.

Other scores were: Datis 183 Adams 187, Gardner 195, Kilbreath 184, Park 182, Githen 181, Godecrou 172, Citta 170, Anderson 162.

Chaplin Eckley, Jr., vice high with 1875 in the semi-weekly shoot of the Nantuxar Rifle club at the club range in the West Side corner. There will be another shoot of the club tonight at 7:30 o'clock at the range.

Other scores were: Datis 183 Adams 187, Gardner 195, Kilbreath 184, Park 182, Githen 181, Godecrou 172, Citta 170, Anderson 162.

### Tigers To Have Strong Team In City Circuit

The West Side Tigers will enter the City Baseball league this year with a fast team. It was announced by Secretary Morris.

The roster will contain such names as: Williams, Stevenson, Miller, Mesall, J. Thomas, Grievies, Keeley, Rola, W. Bryan, Picochia, Picochia, Del Principe, E. Hannan, J. Morris, Knight, B. Maher, R. Bryan and others.

### Bowling Banquet Set For Wednesday

The ladies of the New Castle Field Club who have enjoyed such a successful season of bowling at the Castle allegs the past winter will sit down to an enjoyable banquet at the Field Club on Wednesday evening.

Announcement of the banquet was made today by the bowling league chairman. At the banquet prizes will be given out to the winning teams and to individuals for high averages and high scores during the season.

There will be perhaps 25 or 30 ladies present at the event.

### HERE AND THERE IN SPORTS' LAND

The Boston marathon today should be a colorful grind because six former champions will answer the gun. Never before in the history of the event have so many champions been entered. Among those who will run is Clarence De Mar, the school teacher, Walter Young, 1937 winner, will not defend his title.

An important meeting of the City Softball league managers and officials will be held at the Y. M. C. A. on Wednesday night at 8 o'clock. It was announced by Franklin "Fru" Cruci, president of the league today.

To date there are seven teams in the circuit and it is hoped that the eighth team can be secured Wednesday. There is a strong possibility that the Royal A. C. team of the South Side will take over a franchise.

At franchise sale money should be in the hands of Secretary Nick Carnetti at the meeting tomorrow night. It was announced. A movement is under way to have the city fix up several time playing fields for the boys this year.

Happenings And Items Of Interest At Big Tin Plate Plants Here.

**INSPECTION WITH SAFETY**

A visit to our assorting room impresses upon one the extreme importance of being alert at all times. Standing at the west end of the room and looking east you see approximately two hundred workmen and men actively engaged in one of the most important operations in the manufacture of the plate—and that is the final inspection of the product before it is shipped.

The girls, or assorters, offer a picturesque view in their blue uniforms and their adeptness in handling approximately one million in plate sheets daily by hand; watching for minute defects under the powerful mercury lights, bespeaks their excellent training and efficiency in performing this very important operation.

However, this does not complete the job. While these women and men are working, five lift type tractors handling plate to the assorting tables are operating continuously up and down the aisles behind their backs, and two cranes are hauling loads overhead. It is, therefore, most important that every move be made deliberately to avoid injury to hands while handling sheets; also a lapse of alertness on the part of the tractor operator or assorter, may result in injury to the assorter, by vehicular equipment.

How well and efficient the operations in this department are conducted from the standpoint of safety is shown by the excellent safety record compiled—having had but one lost time accident in the past 7-8-4 years. This splendid safety record reflects the "safety-mindedness" of the assorters and reckoned, and the safety education methods used by the supervisors, Mr. W. J. Brown and Mr. Frew Lutz, who are continually on the alert for any unsafe practices and conditions. We hope they will surpass their present safety record and if possible, have no lost time accidents in the future.

**SAFETY SLANTS**

The U. S. Steel News reports that expenditures for accident prevention, by U. S. Steel Corporation including the installation of safety devices and appliances, were \$850,040 in 1937 compared with \$713,861 in 1936. The cost of accident relief, including obligations under State compensation laws was \$4,302,894 in 1937 as against \$3,362,199 in the previous year. The outlay for sanitary facilities and for maintaining and improving healthful working conditions was \$3,949,806 compared with \$2,786,101 in 1936.

The accident frequency rate in 1937 showed an improvement over 1936 despite a sharp increase in operations and in number of employees.

As compared with 1912, the first year in which the present method of measuring accident severity was established, the 1937 rate showed a reduction of 88.33 per cent. During that 26-year period it is estimated that 680,761 accidents have been prevented by the U. S. Steel safety program.

**BOWLING**

The Shenango Works Bowling League wound up one of the most successful seasons with a banquet held in one of the local hotels on Friday, April 8th, John H. Elliott, their former assistant general superintendent now at Irwin Works, and R. H. "Mick" McBride, their former assistant works auditor, also of Irwin Works were the speakers.

We also learn that Ernie Smith, star bowler, gave Dan McCarthy his bowling shoes at the banquet.

John Loudon was elected president, W. G. Wylm, treasurer and Glen McBride, secretary for the coming year.

The Shearing and Opening Department bowling league has also completed a very successful season and will hold a banquet at one of the local hotels next Saturday evening.

**FISHING**

Anglers at Shenango Works hied to the creeks and streams on the first day of trout season evidently with decided success. Jim Cypher, called in at 8:45 a. m. on the first day and stated he had caught the limit on rainbow and brown trout.

Jim operated up on Hickory Creek. He also ran into Ray Cartwright on Deer Creek who was also doing nicely. Ed. Rumbaugh and Charles Pugh were out for trout on the first day. Harry McKee went up Emporium way and caught the limit on the first day. Evidently there are trout in these here streams, but as always, the big ones get away.

While on the subject of fish and game, Jim Cypher tells us that elaborate plans are being made for the annual banquet of the Sportsmen's Association, to be held on May 7th. Mr. Ross L. Leffler, president, Penna. Game Commission is the principal speaker for the event, and Jim asks that Harry McCormick, Clarence Forbes, Clare Stitt, Willard Kimmel and other boys of the plant who are members of this association turn out to hear Mr. Leffler, who is one of the chief exponents of game conservation in the state.

**GOLF**

Shenango Works, Carnegie-Illinois Steel Corp., will be well represented in the City Golf League with such sterling golfers as Keone, Paul Smith, Platte, Fraser, Lohman, Book, Kennedy and other well known stars.

**HERE AND THERE**

Nelson "Bat" Parker, Shenango's all-around athlete, entertained several of his friends of the shearing and opening department at a spaghetti dinner last Saturday night.

We note Bob Fleming sporting a pair of flashy new trousers after his slight accident.

We note that George Houston, who has been a faithful member of our volunteer fire department for many years, does not appear on the roster of names in the new fire department set-up. How come, George? Art Dibley and his boys are busy setting up the U. S. Steel display for the Industrial Exhibition to be held shortly by the Junior Chamber of Commerce.

Born to Mr. and Mrs. Jack Earl, a daughter on Thursday, April 14th, at the Jameson hospital. Jack is employed in the electric shop.

Born to Mr. and Mrs. Joe Pandolfi, a daughter. Joe is employed in the boxing room.

Dan Shumko, warroom department, who was recently operated for appendicitis in the New Castle hospital, is getting along very nicely.

Phil Reno, boxing department and Randall Space, mechanical department, have returned to work after hernia operations. Space has been transferred to Irwin Works.

We regret to note the death of Nick Moran, Jr., shearing and opening department which occurred during a golf operation.

We also extend our sympathy to Bob Fleeger, shearing and opening department whose mother passed away recently.

We extend sympathy to Mr. and Mrs. David Jones upon the death of Mrs. Jones' mother, Mrs. Philant. Dave is employed in the pay roll department.

Henry Jackson, foreman, roll shop, visited with his father in Cambridge, O. over Easter.

Dave Anthony recently returned from a trip in Washington, D. C.

**SHENANGOGRAMS**

A homely girl approached the information desk at the tourist park and asked for a road map. "Here you are," said the clerk. "Well, I hope I won't go wrong," replied the girl.

"With that map you have," retorted the attendant, "you can't possibly."

"You say this house is double plastered."

"Sure, once by the plasters. Once by the mortgage company."

Visitor: "I suppose they ask a lot for the rent of this sumptuous apartment."

Hostess: "Yes, they asked Harold seven times last month."

Farmer (to druggist): Be sure and label which of them there bottles is for my wife and which is for my cow. I wouldn't want nothing to happen to that Jersey cow."

**CARNEGIE-ILLINOIS CHORUS**  
Mr. William Richards, director of the Carnegie-Illinois Chorus asks members of all the choruses to report for rehearsal at 2:30 p. m. Saturday, April 23rd at Y. W. C. A. due to immediate call for concert and radio work.

**Large Crowd Enjoys St. Mary's Party**

Annual Reception Shared By Host Of Guests At Cathedral Monday Night

Torrential rain might have affected some attendance at the annual St. Mary's party and reception in the Cathedral Monday night, but it didn't have any effect upon the fun those who were present had. Not that the crowd was small, it wasn't, but it just possible a few more might have been present had it not been for the rain.

Candy booths, novelty booths, cards, and many of the attractions of the usual country fair were in the dining room of the Cathedral. In the ball room hundreds of couples enjoyed the dance which went on until past midnight.

The purpose of the party and reception is to raise funds for the church and to provide an evening of pleasant entertainment on Easter Monday. What amount was realized Monday night is not known but the enjoyment was unlimited.

For weeks the affair was under way with Rev. William F. Galvin acting as head of the various committees. The committees did their work well, and had the weather man been as interested as were the committees, the building might not have held the crowd.

**Class In Nature Study Interesting**

Instructor Wilfred Paul Chosen To Attend Pittsburgh Event Next Week

As part of the adult education program of the W. P. A., an interesting class in the study of nature is held Monday and Tuesday evenings in the North street school building. Wilfred Paul, is the instructor for this class.

At the class session Monday evening, Paul's topic was on the protection of our feathered friends, soil conservation and forestry. As exhibits, these attending the class had on hand bird houses, built by them, exhibits of wood from various trees, and pictures of movements made for soil conservation, in this district.

Wilfred Paul has been chosen to attend a district meeting in Pittsburgh, being held next week. He was making preparations at the class Monday, to leave next Monday, and plans to take some of the local exhibits with him were made. Paul will be instructor in one of the educational classes in Pittsburgh, next week.

These classes are open to the public, each week, and a great deal of knowledge, relative to the natural surroundings may be gained. Notebooks of the work are kept by the students and hikes into the woodlands in the surrounding districts are held at various times.

On these hikes an effort is made to identify everything which has been brought up and discussed in detail in the class room. Pictures are taken, and samples of wood and rocks obtained. Upon the completion of the present study, Paul announces that he will start a course in botany, reptile study, and astronomy.

All of the bird houses constructed by members of the classes will be put up in the district within a short time, and will be used to attract more of our feathered friends to this district.

**Observes Ninetieth Birthday Event**

J. A. Reeher, Of Crawford Avenue, Attains Notable Milestone In Life

J. A. Reeher, of 114 South Crawford avenue, celebrated his ninetieth birthday anniversary yesterday, and is in fairly good health. He is able to go down town for walks and takes care of the payment of the monthly bills there.

Sunday Mr. Reeher attended Sunday school and church services at the Second U. P. church and was home first from the morning service. Special mention was made of Mr. Reeher's birthday at the Sunday school session. He has been married for sixty-two years, last October, Mrs. Reeher is also in good health.

He has been a resident of this city for fourteen years.

Prior to coming to this city, he built and ran a blacksmith shop of his own for forty years, in Mercer county, near Blacktown.

Mr. Reeher has already dug and planted his garden.

There are ten living children, six of whom reside in this city.

A splendid dinner was served to the guests by the daughters living here, Mrs. L. C. Mackey, Mrs. Myrtle

**Franklin Man Is Being Hunted**

FRANKLIN, Pa., April 19—Search for Joseph Grossman, Jr., 43, missing since last Friday, was intensified today, as no clues developed as to his whereabouts.

Grossman left his residence on Elk street about 11 o'clock, April 15, without telling relatives where he intended going. Fond of walk-

ing, his wife and father did not immediately become alarmed.

He was in working clothes and wore a gray soft hat. For 29 years he had been an employee of the Eclipse works, Atlantic Refining Company, having charge of the power house. Following the shutdown of the plant months ago, he had not obtained other employment.

**Why didn't somebody TELL me?**

Within the next twelve months, some 300,000 motorists are going to buy cars at or about the price of a LaSalle—and still not get a LaSalle.

Many of these, we are convinced, will do this because they do not appreciate how little a LaSalle costs. They assume that LaSalle's price is high—because its quality and reputation are so high. But this isn't true!

As a matter of fact, you can pay more for certain models of eleven other cars than it costs to get a new LaSalle V-8.

If you expect to pay more than \$1,000 for your next motor car—go on up and get a LaSalle. You ought to do this because there is really no substitute for Cadillac quality, Cadillac safety and Cadillac prestige.

Why not come in sometime soon for a demonstration?
